[REDACTED]

Dear Sirs,

My concerns relating to this project are that the local public are not being considered with regard to the building of the tunnel. I live in the village of Chalk and at one of the consultations I was advised that work would take place 24hrs a day. This means that during the summer nights when we would normally have windows open there will be no peace and quiet.

I am also concerned that works traffic will also encroach on our local roads through the village which is a bottle neck already and also on Rochester Road which is particularly busy during the school run apart from other normal busy work hours.

I look forward to hearing from you.

Yours faithfully

Mrs Lynne Goldson
