1 INTRODUCTION

1.1 Purpose of this Document

- 1.1.1 These De-trunking Plans (these “Plans”) relate to an application made by Highways England (the “Applicant”) to the Secretary of State for Transport, via the Planning Inspectorate (the “Inspectorate”) under the Planning Act 2008 (the “2008 Act”) for a Development Consent Order (DCO). If made, the DCO would grant consent for the A47 Blofield to North Burlingham Scheme (the “Scheme”).
- 1.1.2 The Scheme comprises the alteration of an existing highway by way of an upgrade to an existing 2.6km of single carriageway between Blofield and North Burlingham. It will create a new dual carriageway, to improve traffic flow and reduce congestion on the route. A detailed description of the Scheme can be found in Chapter 2: The Proposed Scheme of the Environmental Statement (ES) (**TR010040/APP/6.1**). These Plans cover the Scheme in its entirety.
- 1.1.3 These Plans comprise part of a suite of application documentation and are included in the application for a DCO in compliance with Regulation 5(2)(o) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (the “2009 Regulations”) which require:
- 5(2)(o) “any other plans, drawings and sections necessary to describe the proposals for which development consent is sought, showing details of design, external appearance, and the preferred layout of buildings and structures, drainage, surface water management, means of vehicular and pedestrian access, any car parking to be provided and means of landscaping”.*
- 1.1.4 These Plans are also being submitted under Regulation 5(4) of the 2009 Regulations which states:
- “Where a plan comprises three or more separate sheets a key plan must be provided showing the relationship between the different sheets.”*
- 1.1.5 As these Plans are part of the application documentation, they should be read alongside and are informed by the other application documentation. In particular, these Plans should be read alongside Schedule 3 of the Draft DCO (**TR010040/APP/3.1**).
