1 Introduction

1.1 General

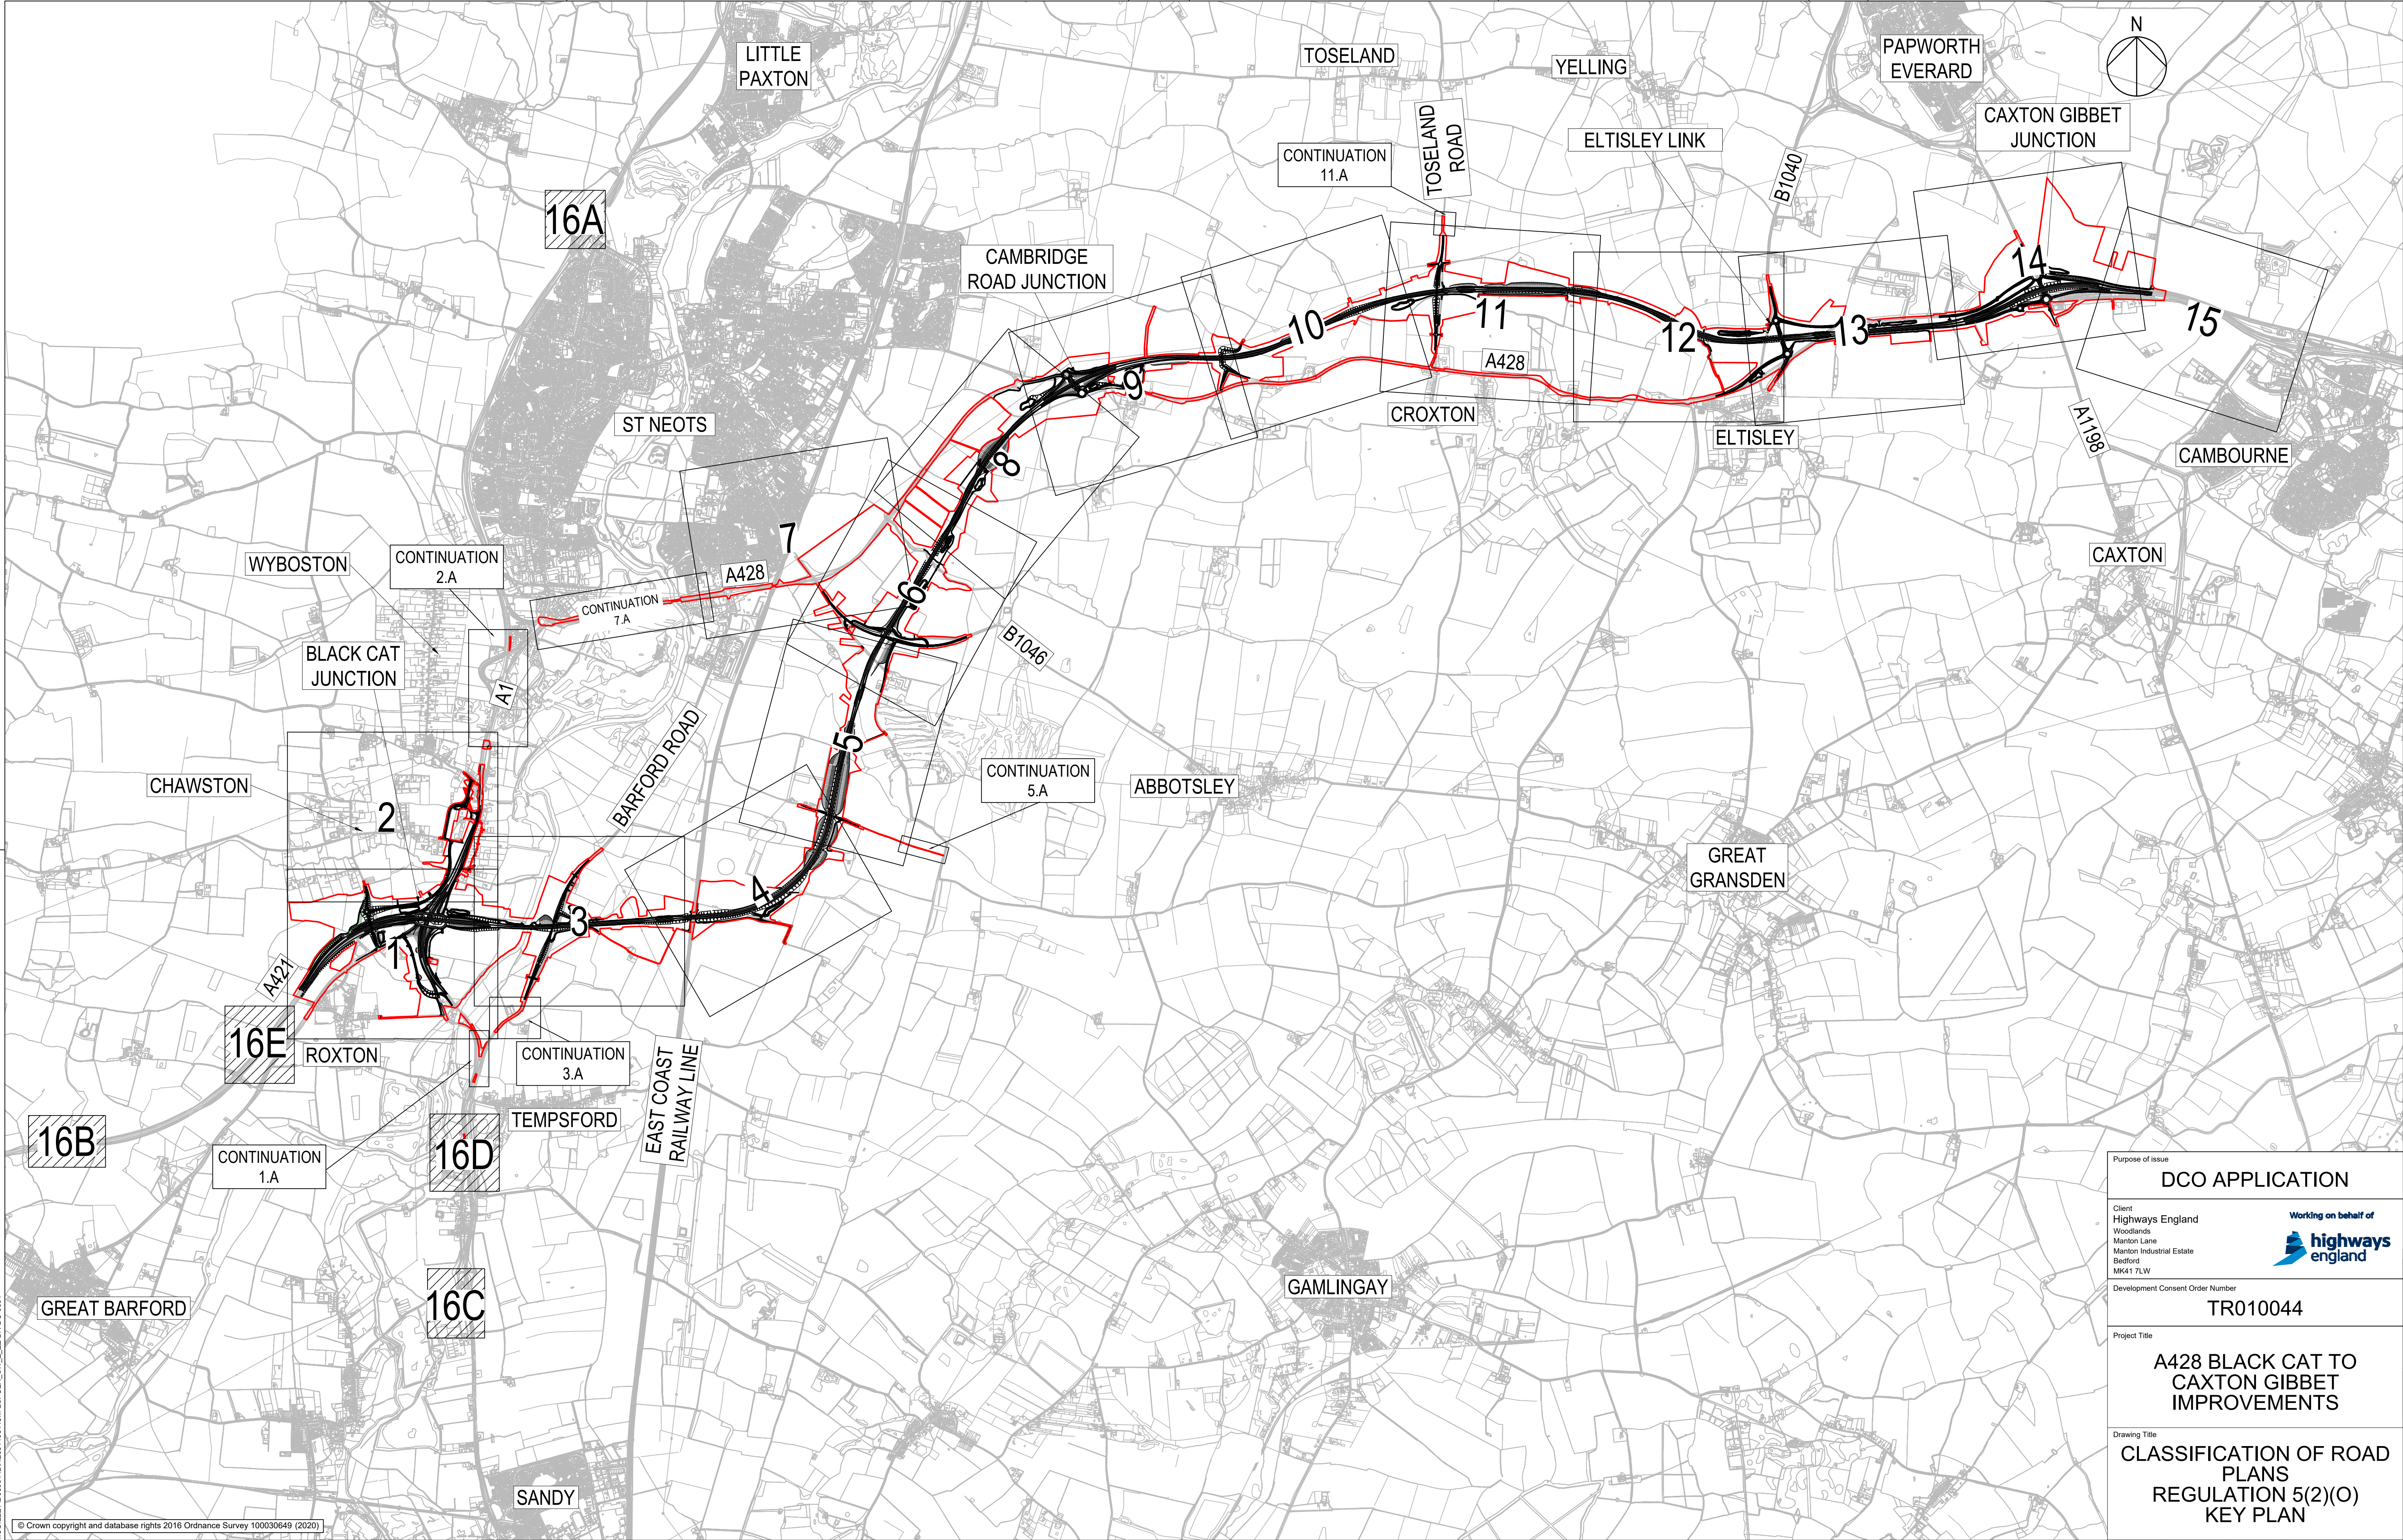

- 1.1.1 Highways England (the Applicant) has submitted an application under Section 37 of the Planning Act 2008 (PA 2008) for an order to grant development consent for the A428 Black Cat to Caxton Gibbet improvements (the Scheme).
- 1.1.2 These Classification of Roads Plans (these Plans) have been prepared to accompany the application for a Development Consent Order (DCO), made by the Applicant to the Secretary of State for Transport (SoS) via the Planning Inspectorate (the Inspectorate).
- 1.1.3 The Application is seeking powers to construct a new 10 mile (16km) dual 2-lane carriageway from Black Cat roundabout to Caxton Gibbet roundabout, to be known as the A421, and in addition approximately 1.8 miles (3km) of tie-in works. A detailed description of the Scheme can be found in **Chapter 2** of the Environmental Statement [TR01044/APP/6.1].
- 1.1.4 These Plans comprise part of the suite of Application documentation and are included in the Application in compliance with Regulation 5(2)(o) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (the 2009 Regulations), which requires:
- '5(2)(o) any other plans, drawings and sections necessary to describe the proposals for which development consent is sought, showing details of design, external appearance, and the preferred layout of buildings or structures, drainage, surface water management, means of vehicular and pedestrian access, any car parking to be provided, and means of landscaping.'*
- 1.1.5 These Plans are also being submitted under Regulation 5(4) of the 2009 Regulations which states:
- "Where a plan comprises three or more separate sheets a key plan must be provided showing the relationship between the different sheets."*
- 1.1.6 As these Plans are part of the Application documentation, they should be read alongside and are informed by the other Application documents. In particular, these Plans should be read alongside Schedule 3 of the draft DCO [TR010044/APP/3.1].

2 Schedule of plans included in this application document
