GENERAL ARRANGEMENT PLANS FOR CHANGE REQUEST

Rule Reference:	Rule 8(1)(c)
Planning Inspectorate Scheme Reference	TR010059
Document Reference	2.4
Author:	A1 in Northumberland Project Team, Highways England

Version	Date	Status of Version
Rev 3	April 2021	Deadline 5

Page Left Intentionally Blank

1 INTRODUCTION

- 1.1** These General Arrangement Plans (these “Plans”) relate to an application made by Highways England (the “Applicant”) to the Secretary of State for Transport, via the Planning Inspectorate (the “Inspectorate”) under the Planning Act 2008 (the “2008 Act”) for a Development Consent Order (DCO). If made, the DCO would grant consent for the A1 in Northumberland: Morpeth to Ellingham (the “Scheme”).
- 1.2** The Scheme comprises two sections known as Part A: Morpeth to Felton (Part A) and Part B: Alnwick to Ellingham (Part B). A detailed description of the Scheme can be found in **Chapter 2: The Scheme** of the Environmental Statement (ES) [APP-037]. Part A and Part B were originally proposed to be the subject of separate applications for DCOs but have now been combined into a single application for a DCO in respect of the Scheme as a whole and these Plans covers the Scheme in its entirety.
- 1.3** These Plans comprise part of a suite of application documentation and are included in the application in compliance with Regulations 5(2)(o) and 5(4) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (the “2009 Regulations”) which requires:
- 5(2)(o) “any other plans, drawings and sections necessary to describe the proposals for which development consent is sought, showing details of design, external appearance and the preferred layout of buildings or structures, drainage, surface water management, means of vehicular and pedestrian access, any car parking to be provided and means of landscaping”.*
- 5(4) “where a plan comprises three or more separate sheets a key plan must be provided showing the relationship between the different sheets”*
- 1.4** As these Plans are part of the application documentation, they should be read alongside and are informed by the other application documents. In particular, these Plans should be read alongside Schedule 1 of the DCO [REP4-043 and REP4-044], the Engineering Section Drawings [APP-011], the Works Plans [REP4-036] the Structures Engineering Drawings & Sections [APP-012] to be updated at Deadline 5.
- 1.5** The revision of these Plans at Deadline 4 form part of the formal request for a material change to be made to the DCO Application. The description of the proposed changes was submitted to the Inspectorate in December 2020 (Proposed Changes to Application [AS-018]) and affect the land in Part A, as shown on Sheet 9 of these Plans.
- 1.6** The Applicant proposes to carry out stabilisation works on the north bank of the River Coquet following a review of the ground investigation works undertaken in 2020, which has identified that the north slope of the River Coquet Valley is suffering from instability. The Applicant also proposes to amend the DCO to provide a temporary access to the southern bank of the River Coquet by crossing the river from the temporary works on the northern bank using a temporary bridge. The Works would include scour protection along the river's edge.
- 1.7** These Plans should be read in conjunction with the ES Addendum: Stabilisation Works for the Change Request.

2 SCHEDULE OF PLANS INCLUDED IN THIS APPLICATION DOCUMENT

Drawing Title	Drawing Number	Revision

NOTES:

1. All dimensions and chainages are in metres unless stated otherwise.
2. Do not scale off this drawing.
3. These plans are to be used as a location reference for each highway centreline which is then shown in section on the Engineering Section Drawings (Application Document Reference: TR010041/APP/2.7).
4. All structure positions are indicative.
5. Plans to be read in conjunction with Schedule 1 (Authorised Development) of the Development Consent Order (Application Document Reference: TR010041/APP/3.1).
6. Details of external appearance, means of vehicular and pedestrian access and car parking are subject to detailed design work, but will be within the extents of the Order Limits.
