LIST OF TABLES

Table 1.1	Calculated noise levels for dwellings – $L_{A10,18hr}$ (daytime) and L_{night} noise index.....	3
Table 1.2	Calculated noise levels for other sensitive buildings – $L_{A10,18hr}$ (daytime) and L_{night} noise index.....	270
Table 1.3	Calculated noise levels for dwellings – L_{den} and L_{night} noise index.....	275
Table 1.4	Calculated noise levels for other sensitive buildings – L_{den} and L_{night} noise index.....	537

1 Introduction

- 1.1.1 This appendix provides the calculated noise levels and derived effects for all sensitive receptors within the noise study area. These are for the mitigated scheme.
- 1.1.2 The calculated noise levels are at 4m above local ground unless the building is only one storey where the noise levels are calculated at 1.5m.
- 1.1.3 The façade of the building used to calculate noise change has been chosen in accordance with paragraph 3.53 of DMRB LA111. This façade is chosen as follows:
- The facade with the greatest magnitude of noise change
 - Where the greatest magnitude of noise change is equal on more than one facade, the façade experiencing the greatest magnitude of noise change and highest do-something noise level.
- 1.1.4 Table 1.1 provides the $L_{A10,18hr}$ (UK daytime road traffic noise index) and L_{night} noise levels for dwellings, and Table 1.2 provides these for other sensitive receptors. These are façade noise levels for day (06:00 to 24:00) and free-field for night (23:00 to 07:00) periods.
- 1.1.5 Table 1.3 provides the L_{den} and L_{night} noise levels for dwellings and Table 1.4 provides these for other sensitive receptors. These are façade noise levels for L_{den} and free-field level for L_{night} . The calculated noise levels are shown in this index to assist Chapter 13: Population and human health, of the Environmental Statement [TR010060/APP/6.1].
- 1.1.6 Acoustic terms are explained in Appendix 12.1 of the Environmental Statement [TR010060/APP/6.3].

Table 1.1 Calculated noise levels for dwellings – L_{A10,18hr} (daytime) and L_{night} noise index
