Note:
This figure shows detailed ALC data where available from site survey, as reported in Appendix 10.2 [TR010060/APP/6.3], including estimated ALC grades where access was unavailable at the time of survey. Non-agricultural land is mapped within the Order Limits based on aerial imagery for the purposes of estimating the extents of agricultural land-lake within the Environmental Statement; this mapping should not be used for other purposes as there may be inaccuracies in the data. Unserved agricultural land is also shown within the Order Limits; this land is thought to be agricultural land based on aerial imagery but was not included within the ALC survey, nor were ALC grades estimated for this land.
