Dear

SIMISTER ISLAND – Draft - M60/M62/M66 SIMISTER ISLAND PROJECT
• **TR010064/APP/6.5 Second Iteration Environmental Management Plan**

Thank you for consulting us on the above draft document. We would like to make the following comments.

The following documents have been reviewed in line with the National Highways M60/M62/M66 Simister Island Interchange Scheme.

Location Reference (Section / Paragraph / Figure no.)	Reviewer's Comment	Organisation (AECOM/SES/OD)	Reviewer (Comment from) Full name	Date
Appendix 13.6 flood risk assessment report S4	We agree with the report and its conclusions. The development should proceed with close alignment with the conclusions and recommendations of the report. Surface water attenuation and storage should be calculated and constructed according to those requirements.			22/07/2025
Appendix H: Outline Surface and Ground Water Management Plan	This document, which is currently an outline plan will need to be developed to a final version and consulted with the EA and LPA before proceeding to construction. However, we currently have no objection to the current content of the plan and look forward to future discussion.			27/07/2025
