Subject: A46 Newark Bypass -- desirable that there should be an adjacent cycleway

[REDACTED]

Dear Planning Inspectorate

As regards cycle-routes in the vicinity of Newark:

- NCN 64 enters/leaves Newark in the Winthorpe area
- NCN 48 enters/leaves Newark in the Farndon area
- there seems no cycle-friendly way to get through (or round) Newark, to transfer between NCN 64 and NCN 48.

If it's not too late to make a suggestion, may I suggest that the project to increase the capacity of the Newark Bypass should also provide a footway/cycleway, adjacent to the carriageway, between the Winthorpe area and the Farndon area, thus providing a cycle-friendly way to transfer between NCN 64 and NCN 48?

Yours sincerely

David Rhead
