You don't often get email from [REDACTED] [Learn why this is important](#)

Dear Sirs

I am contacting you as I am unable to access the letter that is referred to in your letter of 31 July. I cannot therefore make any response. Indeed the three week consultation period handily falls when most people are away on holiday.

I would stress our concerns that the proposed junction changes will only add to the noise and environmental impact that has resulted from the A46 bridge installation at the Binley Woods junction. Once the proposed junction at Walsgrave is completed, the A46 will just be a racetrack with no speed controls in place along its entire stretch apart from the Toll Bar Island stretch where no one lives ! The noise pollution has already made our rear garden obsolete as you can't hear yourself think let alone talk to another person such is the level of sound. Even in this hot summer no one sits out in their garden. It would be a welcome surprise if the 'victims' of these schemes were considered and steps taken to alleviate the disturbance that has been forced on us without any concerns as to the impact on the local residents, particularly those living in Hepworth Road.

Yours sincerely

Nick Walton
