Subject: Please deny Luton airport expansion

Louise,

As per the title, please turn down the application for Luton airport expansion.

The plan claims to be green on the ground, but enabling millions of tons more airline fuel to be burnt by the additional planes is anything but.

Airport expansion during a climate emergency is utter madness.

I would also ask that road expansion is halted, especially the Stonehenge tunnel. We need to get people out of cars - spend it on better cheaper bus services.

Kind Regards,

Steve Bachini
