Dear Ms Cooper

I have lived under one of Luton Airport's landing zones in Stevenage for 17 years. It has always been an occasional nuisance, especially as they have been changing the landing approach a lot more recently. It was never a huge problem.

Today, when the weather was nice, we enjoyed our garden and settled with friends, to chat as we relaxed.

Planes were coming over every 5 minutes. We cannot hear, we cannot speak, and how much pollution are we suffering with the increase in the number of planes? Wow if it gets twice as busy again there'll never be any let up.

That the airport wish to increase from 18m to 32million capacity leaves me with horror! Summer days in the garden ruined. Hot summer evenings when my husband is in bed early for his shift work, with windows open because of the heat, and he's disturbed every 15 minutes... The fact that this will get so much worse horrifies me.

Please please please I implore you to turn down the final planning consent. Luton gets the £££ but Stevenage and Hitchin suffer. [REDACTED]

Please please please turn it down?
