Subject: Petition to Support the Luton Airport Expansion

<CAUTION: This email came from an external source - only open links and attachments you are expecting>

Dear Government,

I set up this petition because I strongly support the plan to expand Luton Airport for the many jobs it will create, growth to the economy and the vital money for charities.

I was frustrated that news seemed to be about people who object. Most of the people I know, did not agree with them.

I wanted to show that most people in Luton support the airport and the plans to grow it. During the year more than 10,000 people signed the petition.

I now want to give it to you so you can understand how it is not just people who took part the consultation who have opinions.

I am posting you the petition sheets to Downing Street and there are 10,353 signatures.

Luton community needs jobs. Now with Vauxhall closing this is even more important.

Please say yes to a bigger airport for Luton and work and success for our people.

Yours sincerely

Mohammed Tariq
