To:
The Applicant

10 July 2026

Dear Sir/Madam

Planning Act 2008 and the Infrastructure Planning (Changes to, and Revocation of, Development Consent Orders) Regulations 2011

Application by River Oak Strategic Partners Ltd (“the Applicant”) seeking non-material changes to the Manston Airport Development Consent Order 2022 (as amended by the Manston Airport Development Consent (Amendment) Order 2023)

Request for information from the Applicant

I refer to the application made by River Oak Strategic Partners Ltd for changes to the Manston Airport Development Consent Order. The deadline for representations on the non-material change proposals ended on 5 July 2026 and the responses received have now been published [here](#).

Consultation

It is noted that the letters informing relevant parties of the proposed non-material changes, had to be reissued to a small number of parties and as such, the Applicant has afforded those affected parties an extension of the consultation period until 31 July 2026. **The Applicant** is now requested to provide a list of the affected consultees.

After that date the Secretary of State will then consider all responses received.

Deadline for Response

The deadline for response from the Applicant and the affected consultees is **31 July 2026**.

Submissions sent by post may be subject to delay therefore your response on the information requested above should be submitted by email to ManstonAirport@planninginspectorate.gov.uk

If you will have difficulty in submitting a response by the deadline, or difficulty in submitting a response by email, please inform the Planning Inspectorate.

Responses will be published as soon as possible after the deadline on the project page of the National Infrastructure Planning website at: [Manston Airport - Project information](#)

This letter is without prejudice to the Secretary of State's decision on the Application, and nothing in this letter is to be taken to imply what that decision might be.

Yours faithfully,

Transport Infrastructure Planning Unit
