

PINS RECEIVED

22 JAN 2022

Ref. MAN 063

TO THE PLANNING INSPECTORATE

As I am 86 years old + do not have a Website or E Mails I am not able to contact you in that way.

I can I do however write these few lines, expressing my hope + prayers that Manston Airport will become a viable Airport again. It should never have been closed. How many times it could have been used at moments when other airports for some reason or another have been unable to transfer flight to Manston.

Yes we do need our Airport! - Gael

We certainly do not want a lot more houses built on that site. There are plenty of other areas which can be built upon. Certainly Not our Airport. We want Manston Airport to be an Airport again. I soon. I'm 86 years old & hope to still be here when it is.

God Bless you All
