20th March 2019.

Dear Mr. Buntan,

Following the open meeting regarding Manston Airport at 'The Oddfellows' on 18th March, please find enclosed the titles of some, but by no means all, of the research papers commissioned by "The World Health Organization" as requested by the panel.

General Title

World Health Organization research papers regarding the health of people living under a flight path.

i Aviation Environment Federation - Health
<https://www.aef.org.uk/issues/health>.

ii Hacan: Aircraft noise and health
(Final summary)
<https://hacan.org.uk>.

iii Noise: aircraft effects on health.
<https://assets.publishing.service.gov.uk>.

I apologize for not being able

to email the research papers in full
but my internet skills are on a
par with Daniel Blake

Yours sincerely
