Subject: No Night Flights at Manston!
Date: 27 June 2019 16:02:23

As a Ramsgate resident I am extremely concerned at the prospect of Night Flights from Manston Airport if the RSP proposals for the reopening of this airport are countenanced by the Planning Inspectorate. The effect on the quality of life in this historic and heritage-rich part of England would be devastating and I urge the Planning Inspectorate to reject the RSP proposals and give serious consideration to the socially beneficial alternative of using the Manston site as a location for much-needed social and low-cost housing.

Andrew Joynes
