---

Dear Sir/Madam,

As a home owner in the St.Lawrence area of Ramsgate with a young family, I am vehemently opposed to the reinstatement of an airport at Manston.

Noise pollution is proven to be extremely damaging to physical and mental health and disrupts education. With further significant adverse effects on quality of life.

The site has similarly failed as a commercial airport several times previously. Current proposals are therefore not viable or wanted by residents.

With kind regards,

Stacy
