I tell you if ever anything showed what we are fighting for this cam clip is it. Gloag and her cahoots just don't get it do they. All they can see is pound signs. This is OUR land, this is OUR HERITAGE, this is the last green part of Thanet before the whole [REDACTED] Isle of Thanet gets swallowed up in housing and half empty industrial sites. Look at this and weep TDC councillors because this is what YOU should be fighting for as well. And shame on those who won't or don't.
