Ref MAN-002

Dear Manston Airport Team

In reply to your communication

- 1) From the first meeting to the last meeting, the reopening of Manston Airport was NOT a viable project and NEVER will be.
- 2) As a Passenger Hub it has failed time and time again, the last was Monarch.
- 3) As a Cargo Hub East Kent is too far for viable distribution. The cost of Lorries would be prohibitive.
- 4) Herne Bay has had a RENAISSANCE since the closure of Manston Airport. NO CONSTANT AIRCRAFT NOISE AND POLLUTION. Thousands of Holiday Makers have come back, the reopening of Manston Airport would KILL the town. Yours faithfully
