I wish show my support for the reopening of Manston Airport. Reason being we need investment badly in our area to support our economy also to give employment to various age groups and businesses. We have a wonderful harbour good train links and a new station being built an advantage for businesses. I was born and brought up in Ramsgate so have seen first hand the ups and downs of Manston but I firmly believe this is an opportunity to put Thanet on the map and thrive. The future generation could have a marvellous opportunity with aviation in all aspects. May I respectfully ask that the DCO be approved for the people of Thanet.
