Subject: Opposing plans for cargo plains at Manston
Date: 09 July 2021 09:17:56

To Planning,
I'm writing to oppose this plan on 2 grounds.

Firstly, and most importantly it will have a devastatingly negative impact on life in Ramsgate for both residents and visitors. Ramsgate is a beautiful historical town that deserves to be preserved and valued. It is currently enjoying a revival with developments and renovations and clearly has a lot to offer to both residents and visitors. Planes flying overhead could very easily lead to a reversal of this process.

Secondly, its clear that opinion is divided as to the need for a cargo hub at Manston. Yes, we do need jobs and Manston is an area where new forward looking ecological businesses and services could be located.

Kind Regards Angela
Ramsgate resident
