---

Dear Sir,

As an Interested Party, I endorse the comments of Norman J. Winbourne FRICS and his proposal for additional runways.

An Environment Impact Assessment would confirm the minimal carbon footprint of this development.

An airport development at Manston on the Isle of Thanet, with its excellent road and rail connections has minimal

environmental impact, unlike other inland airport expansions elsewhere.

Thanet is a deprived area which would benefit economically substantially from this project.

Yours Faithfully,

Ian C.Brooman TD.FRCGP.
