Dear Sir/Madam

I would like to take this opportunity to object to this runway being used at Gatwick for the following reasons:

Gatwick are claiming that the extra flights will create the need for a huge amount of jobs in the area which is a good thing. There's a shortage of staff already, they're not in touch with the local community, they just want to bleed from it.

The increase of air pollution in the vicinity of the airport will increase causing harm to those that live around it.

The ground based transport network doesn't have the capacity to meet the sustainable needs that will arise, the environmental impact on the area will be devastating.

Our quiet rural areas will be hit by unprecedented levels of new and increased noise.

Local towns, services and amenities will be pushed far beyond their limits which will be disastrous for the residents and the enjoyment of the countryside.

Yours

Nichola Lulham
