[REDACTED]

Dear Sir/Madam,

My Interested Party Reference is 20045052

The decision to build another runway at Gatwick Airport goes against all the advice to our government to alleviate Climate Change and bring down the UKs emissions.

There is also all the ongoing building and aircraft noise and disruption to people who live close to Gatwick Airport.

I wish to object very strongly to this suggestion for expansion.

Yours sincerely  
Heather Brayshaw
