Subject: Don't give Gatwick a free pass
Date: 28 February 2025 05:42:13

Rt Hon Heidi Alexander MP,

Dear Heidi Alexander,

Please say no to a second runway at Gatwick. Increasing in airport capacity will lead to increased emissions, taking us further away from achieving our net zero goals and from being a world leader in climate action. Gatwick Airport should not be allowed to get away without meeting the recommended public transport targets.

Please instead support more reliable and less damaging ways of achieving economic growth.

Yours sincerely,

Andy Mackenzie
