Subject: Expansion of Gatwick airport
Date: 05 May 2025 09:37:03

[REDACTED]

Dear Sirs,

We strongly object to any expansion of Gatwick airport. The present level and frequency of noise from low flying aircraft is already far too great at peak periods even as far away as TN3, and insulation of houses is all well and good if you're inside with windows firmly closed but totally useless if you want some fresh and cool air or if you're outside .

Making people's lives unbearable simply to support economic growth is not acceptable.

Yours faithfully,

Tom and Diana Rimmer
