## Interested party ref. 20045546

Hi

I am just sending my objections about the second runway.

I live in [REDACTED] which is just north of the runway and I object very strongly against the new runway due to pollution, noise and lack of infrastructure.

I don't see why it has to expand when we're tight on spaces as it is and Climate Change seems to be ignored.

I was also feel that I would have to move to another area.

Regards  
Bridget Powell
