Dear/Sir Madam

I write to confirm Develop Croydon's whole hearted support for the expansion of Gatwick Airport. The Airport is key to the prosperity of the whole Gatwick Diamond area and the wider South East. We previously supported the addition of a second runway and whilst these proposals have been scaled back, they will still provide significant benefits to the area in terms of jobs and investment.

The project is well funded and addresses sustainability. In particular the proposals around vehicle movements and addressing the increases through infrastructure investment, but limiting numbers until the investment has taken place. We appreciate there is further investigation and testing necessary but fully support this initiative. We trust you will come to a positive conclusion.

I write this as Chairman of Develop Croydon on behalf of our members, and also as a Partner of SHW.
