**Subject:** Written Question Response - request for response

Good morning,

I'm writing to highlight a response to written questions regarding Gatwick and ask if the department could provide an answer to the below question. This question was grouped and not answered in the grouped response to my constituent's, or my own, satisfaction as the subject matter of non CO2 emissions is not addressed.

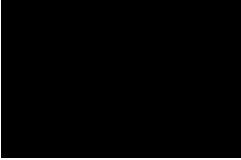

Would it be possible to seek clarity on this please? I understand I am unable to re-table the question.

*To ask the Secretary of State for Transport, if she will ask Gatwick Airport to publish an assessment of the potential impact of a second runway on levels of emissions other than carbon dioxide. (67783)*

Many thanks,

John
