Subject: AMEP - PA/2012/1362 Planning Application by Bethany Jane at Station Rd South Killingholme

Kath

Further to our phone conversation yesterday I write to advise you that we are in receipt of a planning application which is on a site within the red line boundary of the AMEP site. It is within Parcel 03010.

You can view the application via our web site www.northlincs.gov.uk by following the links environment and planning/planning/access on line planning register/ and then enter the application number PA/2012/1362 and hey presto you should have it.

If you wish to make any comments please do so within 14 days but the main reason for advising you of the application is for you to consider whether or not to advise the Sec of State of its submission.

I have consulted Able UK.

many thanks Bill.
