Hi, I am writing to complain about the Northampton Gateway Rail Freight Interchange, which is causing noise, traffic gridlock and air pollution here to an intolerable degree. The amount of heavy goods vehicle traffic has increased dramatically already, and the Rail Freight Interchange has not even opened yet. The air quality is polluted, which you can clearly smell. This new amendment will mean residents in Grange park, Roade, East and West Hunsbury and Blisworth will be severely effected, with future health and quality of life diminished. Please help us to ensure we can live safely without any further damage to our environment and health.

Best David
