Subject: Northampton Rail Freight Interchange Project Non-Material Change TR050006
Date: 26 September 2022 16:24:30

Dear Sir/Madam,

Further to the objections expressed by Wootton Parish Council, I also strongly object to the proposed amendment.

This area is already heavily congested with traffic due to the extensive ongoing construction works in and around J15 of the M1. The proposed change would involve much increased HGV road traffic creating yet further road traffic issues through the surrounding area. The increased road traffic volume is unacceptable without the rail link as it would result in a dangerous level of heavy goods traffic around and through Wootton. The existing project works are already a nightmare and the further traffic chaos proposed is unacceptable.

I hope local objections will be fully and properly considered.

Yours faithfully,
Philippa Gedny
