Date: 6 February 2023

Dear Mr O'Hanlon

Planning Act 2008 (as amended). Application for a Non-Material Change to the Northampton Gateway Rail Freight Interchange Development Consent Order 2019

I refer to your letter dated 27th January 2023 inviting comments on the representations received in respect of the above.

We are of the view that the proposed Non-Material Amendment will not increase fluvial flood risk as it does not change anything in terms of the actual development compared to the original application.

We note the various points that have been raised by other parties and the responses made to them and consider there is nothing in them which would alter this view.

Accordingly, we have no comments to make in response to your letter.

Should you require any additional information, or wish to discuss these matters further, please do not hesitate to contact me on the number below.

Yours sincerely

Mr Wayne Cattell
Planning Specialist
