1 INTRODUCTION

- 1.1 This Book of Reference is submitted as part of an application made by Oxfordshire Railfreight Limited (“the Applicant”) for the Oxfordshire Strategic Railfreight Interchange and Highways Order 202X pursuant to Section 37 of the Planning Act 2008 (“the Act”) (“the Application”). The Application will seek approval for a Development Consent Order (“DCO”) for a new rail freight interchange, warehousing, highway improvements and associated infrastructure on land adjacent to the Chiltern Main Line Railway, southwest of Junction 10 of the M40 motorway, east of the former Upper Heyford Former Air Base and to the west of the B430 in Cherwell District and the county of Oxfordshire (the “Proposed Development”).
- 1.2 This document has been prepared to comply with Regulation 5(2)(d) of The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (as amended) (“the APFP Regulations”) which requires an applicant for a DCO to provide a Book of Reference with its application. The following paragraphs explain the approach taken by the Applicant in the drafting of this Book of Reference, taking into account the requirements of the Act, the APFP Regulations and in accordance with guidance¹.
- 1.3 The Book of Reference should be read in conjunction with the Land Plans (Document Series 2.1) and the Statement of Reasons (Document 4.1).
- 1.4 Land on which the authorised development may be carried out is identified with a red line on the Land Plans and referred to as “Order Limits”. Land proposed to be subject to powers under Part 5 of the DCO (Document 3.1) is referred to as “Order Land”.
- 1.5 **Part 1:** Regulation 7 of the APFP Regulations requires that this part of the Book of Reference contains the names and addresses for service of each person within Categories 1 and 2 (as set out in section 57 of the Act and explained at paragraph 1.6 below) in respect of any land which it is proposed shall be subject to: -
- 1.5.1 powers of compulsory acquisition;
 - 1.5.2 rights to use land; or
 - 1.5.3 rights to carry out protective works to buildings.
- 1.6 Section 57 of the Act explains the categories of person for the purposes of section 56(2)(d). These are as follows:
- 1.6.1 A person is within Category 1 if the applicant, after making diligent inquiry, knows that the person is an owner, lessee, tenant (whatever the tenancy period) or occupier of the land.
 - 1.6.2 A person is within Category 2 if the applicant, after making diligent inquiry, knows that the person:

¹ Planning Act 2008 - Guidance related to procedures for the compulsory acquisition of land – issued by the Department for Communities and Local Government in September 2013.

- (a) is interested in the land, or
- (b) has the power to sell or convey the land or release the land.

- 1.7 The wording “interested in the land” means that a person who is within Category 1 will automatically also be within Category 2. Part 1 of this Book of Reference has been drafted in such a way to avoid repetition of persons who fall within both categories. Columns (3), (4) and (5) of the table in Part 1 list each person who is within Category 1 (and by virtue of their “interest in the land”, are also within Category 2). Column (6) of the table in Part 1 lists those people who fall solely within Category 2 (i.e. each person who is not already within columns (3) to (5) but either has the power to sell, convey or release the land, or has an interest in the land by virtue of an easement or private right over land (the detail of which is contained in Part 3)).
- 1.8 Column (1) of Part 1 refers to the parcel number shown on the Land Plans. The parcels on the Land Plans are prefaced by the sheet number on which they appear. For example, parcel number 1 on sheet 1 is numbered “1/1”.
- 1.9 Column (2) of Part 1 describes the relevant parcel by reference to area and location. The description of a number of the parcels in Column (2) of Part 1 of the Book of Reference contain references to interests in the land which are not to be affected by the proposed powers sought in respect of that land parcel. For example, where the Applicant has entered into a voluntary agreement with the freehold owner of the parcel, the Book of Reference confirms that the freehold interest is excluded.
- 1.10 There are some parcels of land shown on the Land Plans which are not proposed to be subject to powers of compulsory acquisition, but which are included in Part 1. The parcels are shown white and hatched black on the Land Plans, with a parcel number. These parcels are land which is existing adopted public highway over which the Applicant proposes only to carry out highway works or “street works” under the DCO, and therefore land rights are not required.
- 1.11 The parcels referred to at paragraph 1.10 above are included in Part 1 because there are interests in the subsoil and therefore, in strict accordance with the wording of the Act and the APFP Regulations, these persons are “interested in the land” and the land will be subject to “rights to use the land”. These interests will remain as they are and will not be subject to the powers under Part 5 of the DCO – the Applicant will simply be undertaking highway works under the DCO powers in a similar manner to highway works carried out pursuant to an agreement under the Highways Act 1980 for developments brought forward under the Town and Country Planning regime rather than the Planning Act 2008.
- 1.12 **Part 2:** This part contains the names and addresses for service of each person within Category 3 (set out in section 57 of the Act). Section 57 confirms that a person is within Category 3 if the applicant thinks that, if the order as sought by the application were to be made and fully implemented, the person would or might be entitled: –
- 1.12.1 as a result of the implementing the order;
 - 1.12.2 as a result of the order having been implemented; or
 - 1.12.3 as a result of the use of the land once the order has been implemented,

to make a relevant claim.

1.13 A “relevant claim” is defined in the Act as:

1.13.1 a claim under section 10 of the Compulsory Purchase Act 1965 (compensation where satisfaction not made for the taking, or injurious affection, of land subject to compulsory purchase);

1.13.2 a claim under Part 1 of the Land Compensation Act 1973 (compensation for depreciation of land value by physical factors caused by use of public works); or

1.13.3 a claim under section 152(3) of the Act.

1.14 The Applicant has divided Part 2 into two sections:

Part 2A

1.14.1 Part 2A covers qualifying persons under Section 10 of the Compulsory Purchase Act 1965 and Section 152(3) of the Planning Act 2008.

1.14.2 Section 10 and section 152(3) both relate to claims made in respect of the execution/carrying out of the works. They arise in relation to construction impacts relating to noise, dust, vibration, odour or physical impacts on properties.

1.14.3 The Applicant has identified a small number of potential Category 3 claimants in respect of odour as a result of the construction of the landfill works as part of the Proposed Development and those parties are included in Part 2A of the Book of Reference.

Part 2B

1.14.4 Part 2B covers qualifying persons under Part 1 of the Land Compensation Act 1973 (claims which may be brought as a result of the use of the works rather than the execution of the works).

1.14.5 The Applicant has identified potential Category 3 Claimants as part of its assessment of traffic noise impact resulting from the Proposed Development. The Applicant has identified parties with potentially significant adverse effects at receptors from operational road traffic noise. Those parties are therefore listed in this Part.

1.15 The Statement of Reasons contains further detail on the conclusions of the Applicant's assessment of Category 3 persons.

1.16 **Part 3:** This part sets out the names of all those persons entitled to enjoy easements or other private rights over the land which it is proposed shall be extinguished, suspended or interfered with. It contains the detail of those interests the holder of which is noted in column (6) of Part 1.

-
- 1.17 **Part 4:** This part specifies the owner of any Crown interest in the land which is proposed to be used for the purposes of the order for which the application is being made. There is no Crown land within the Order limits and therefore there are no entries in this part.
- 1.18 **Part 5:** This part specifies land, the acquisition of which is subject to special parliamentary procedure, which is special category land, or which is replacement land. The Applicant does not consider that there is any special category land and therefore there are no entries in this part.
- 1.19 Land shown shaded pink on the Land Plans is proposed to be subject to the compulsory acquisition of the freehold, leasehold, tenant and/or occupier interests as well as the acquisition of existing rights pursuant to articles 26 and 29 of the draft DCO. This land will also be subject to the general powers in Part 5 of the draft DCO such as the power to override private rights where they are inconsistent with the authorised development.
- 1.20 Land shown shaded blue on the Land Plans is proposed to be subject to the compulsory creation of new rights pursuant to article 29 of the draft DCO and if necessary, this land will also be subject to the general powers in Part 5 of the draft DCO such as the power to override private rights where they are inconsistent with the authorised development.
- 1.21 Land shown tinted yellow on the Land Plans is proposed to be subject to powers of temporary possession pursuant to article 35 of the DCO.
- 1.22 Land shown tinted green on the Land Plans is proposed to be subject only to the powers to acquire existing rights pursuant to article 29 of the draft DCO or to override third party rights or powers to extinguish, suspend or interfere with any third party rights pursuant to articles 30 and 31 of the draft DCO.
- 1.23 As explained at paragraph 1.10 above, land shown hatched black on the Land Plans is not proposed to be subject to any compulsory acquisition powers.
- 1.24 The following plot numbers are not used in this Book of Reference and therefore do not appear on the Land Plans: 1/3, 1/15, 3/19, 3/31a, 3/31d, 5/24, 5/25, 8/8, 8/9, 8/10, 8/11, 8/12, 8/13, 8/14, 8/15, 8/18, 8/25, 8/26, 8/27, 9/2, 9/11, 9/13, 9/16, 9/18, 9/19, 9/23, 9/24, 9/27, 9/28, 9/28a, 9/28b, 9/29a, 9/31.
- 1.25 The Statement of Reasons contains a detailed explanation of the purpose for which the land shown on the Land Plans is proposed to be subject to the powers pursuant to Part 5 of the DCO.
- 1.26 All references to areas in square metres are approximate.
