

I wish to register with the right to speak for the hearings wb 11th May - agendas not yet published where I will again bring a unique contribution as a resident, parish and district councillor/
I expect to be accompanied by my retained advisor, [REDACTED] who is a Town Planner by training and widely and deeply experienced in major projects UK-wide and with a special focus on Airport and Air Freight related development. I would ask for him to speak on my behalf as appropriate.
