

Daventry International Rail Freight Terminal Expansion (DIRFT 4)

Section 51 Advice Log Version: 27 July 2027

This document comprises a record of the s51 advice that has been given by the Planning Inspectorate to the applicant (Prologis UK) during the pre-application stage. It will be updated by the Planning Inspectorate after every interaction with the applicant within which s51 advice has been given.

The applicant will always be given the opportunity to comment on the Planning Inspectorate's draft record of the s51 advice given before it is published on the relevant project page on the [Find a National Infrastructure Project website](#).

The role of the advice log at the acceptance stage

Section 55(4) of the PA2008 requires the Planning Inspectorate to consider, amongst other things, the extent to which the applicant has had regard to the s51 advice given by the Planning Inspectorate in connection with the application when deciding if the application can be accepted for examination. Section 51 advice includes:

- advice given about applying for an order granting development consent
- advice given about making representations about an application for an order granting development consent

The applicant will use this advice log as the tool for demonstrating:

- regard to the s51 advice given to the applicant by the Planning Inspectorate
- regard to any s51 advice given to others by the Planning Inspectorate

The applicant will submit a final version of this advice log which demonstrates regard to all s51 given by the Planning Inspectorate at the pre-application stage as part of the application.
