Dear Sirs/Madam

Exolum Pipeline System Ltd – Mortimers Lane, Upham, Fair Oak, Winchester, Hampshire, SO50 7QT

Regarding the above Referenced Planning Application. We confirm that our client's High-Pressure Oil Pipeline Apparatus will be affected by the application as indicated in the attached plan(s) and we must therefore OBJECT for the following key reasons:

- The application has the potential to contravene Exolum's ability to Safely access and maintain its assets under their legal rights as set out in Part IV of The Energy Act 2013, and
- Due to the potential for breach(s) of the Health & Safety at Work Act 1974 with specific concerns around Regulation 15 of the Pipeline Safety Regulations 1996 and the potential for any subsequent work close to the High-Pressure Pipeline to impact both the Safety of the pipeline and those doing the work.

We note in this specific case:

1. The plan cuts through the Exolum Pipeline at Lower Upham
2. Exolum's external solicitors VWV are in negotiations for protective provisions

It is therefore critical that all Construction and Design work affecting a High-Pressure Pipeline is discussed and agreed with Exolum before the objection can be removed and before any work on site.

NOTE: The location plan(s) supplied are intended for general guidance only and should not be relied upon for detailed design, excavation or construction purposes. No guarantee is given regarding the accuracy of the information provided in the plans and to verify the true location of the High-Pressure Pipeline at site contact MUST be made with Exolum to arrange a site visit.

My client must be consulted to ensure the proposal has no impact on their High-Pressure Pipeline apparatus. Their contact details are:

Central Services
Ashdon Road
Saffron Walden
Essex, CB10 2NF

Email: pipelinework@exolum.com
Tel: [REDACTED]

When contacting Exolum, please quote this Unique Reference Number [REDACTED], Information on how Exolum Safely manage development near its High-Pressure Pipeline apparatus can be found at the following link:
