Subject: Accompanied Site Inspection Land at Woolstreet Farm
Date: 15 October 2026 13:55:38

Dear Examining Authority,

On behalf of the Landowners of Plots 20-015, 20-016,20-017,20-018,20-019, 20-020,20-021, 20-022, 20-023, 20-024, 20-025,20-026
Being Terry Brennan

I request on the landowner's behalf an Accompanied Site Inspection to land plots 20-015, 20-016,20-017,20-018,20-019, 20-020,20-021, 20-022, 20-023, 20-024, 20-025,20-026 being land forming part of Woolstreet Farm, south of Winchester Road, Lower Upham.

The justification for the Accompanied Site Inspection is to allow the Examining Authority to view the proposed scale of land take at to screen the above ground pumping station. The natural topography of the land makes it near impossible to screen the pumping station, its landscaping and the position of the temporary track through land.

The site cannot be seen from public land. We welcome the Examining Authority to view the land.

We believe the proposed land take is excessive/unjustified.

We are aware that the ASI is not opportunity to make any oral representations to the ExA about the proposed development, we feel that viewing the land will help understand the arguments put forward in the relevant representations.

Kind regards
