Subject: Accompanied site inspection – suggested locations
Date: 15 October 2026 13:33:55

Dear Examining Authority,

On behalf of the Landowners of Plots 14.-011, 14-012, 14-013, 14-014
Being Johnathan Sweeney, Justin Coles and Mark Hayward

I request on the landowner's behalf an Accompanied Site Inspection to land plots 14.-011, 14-012, 14-013, 14-014. This is the siting of the Above Ground Pumping Station -IPS-G being land south of Titchfield Lane, near Wickham.

The justification for the Accompanied Site Inspection is to allow the Examining Authority to view the proposed scale of land take at site, to examine whether the this is reasonable and justified the position of the pump station, its landscaping and the position of the pipeline through land with immediate development potential.

The site cannot be seen from public land, however there is a public footpath through the land, some 350m from the pumping station location. We welcome the Examining Authority to view the land.

We believe the proposed land take is excessive/unjustified and will have a detrimental impact on the development opportunities of the retained land.

We are aware that the ASI is not opportunity to make any oral representations to the ExA about the proposed development, we feel that viewing the land will help understand the arguments put forward in the relevant representations.

Kind regards
